- Have strong communication skills in English
- Have the drive to learn, take initiative, and collaborate - a 'can do attitude'
- Are organized, detail-oriented, and a team player
- Have an interest in leadership/ people development

“

My experience at TAQ has been a huge learning curve professionally and personally and i would highly recommend working with the team to have a fun, collaborative, and performance driven environment.

“

TAQ taught me the importance of nurturing interpersonal relationships, focusing on conflict resolution, and building communities of change through one's work
